**El Paso Natural Gas Company; Notice of Tariff Filing**

August 18, 1995.

Take notice that on August 14, 1995, El Paso Natural Gas Company (El Paso), tendered for filing pursuant to Part 154 of the Commission's Regulations Under the Natural Gas Act, and in compliance with the Commission's Order Accepting Tariff Sheets Subject to Conditions, Granting Request for Clarification, and Granting in Part and Denying in Part Rehearing issued July 14, 1995 at Docket Nos. RP88-44-50 and RP88-44-051, certain tariff sheets to its FERC Gas Tariff, Second Revised Volume No. 1-A.

El Paso states that it is modifying Section 4.2(e) to it Capacity Allocation Procedure in compliance with the July 14, 1995 order in which the Commission ordered El Paso to revise its tariff to include provisions giving relief to any firm Shipper when that Shipper (Emergency Shipper) has exhausted all other self-help remedies in times of bona fide emergencies including minimum plant protection. El Paso states that it is modifying Section 4.2(e) to provide that the emergency capacity will be provided at a receipt point which causes the least amount of interruption among its Shippers.

El Paso states that a Shipper with a contract demand shall not be entitled to emergency service in excess of such contract demand. The emergency capacity available to a Shipper with a full requirements contract shall be determined to be that capacity required to serve a verifiable emergency in excess of the quantity initially scheduled by said Shipper. El Paso states that it has added a new Section 4.2(f) to provide a compensation plan to reimburse Shippers who receive less than their scheduled capacity due to emergency service being provided to an Emergency Shipper.

El Paso respectfully requests that the Commission accept the tendered tariff sheets for filing and permit it to become effective on January 4, 1995, the date on which the Commission's July 14, 1995 order made the tariff sheets effective, subject to conditions.

El Paso states that copies of the filing were served upon all of El Paso's interstate pipeline system transportation

customers and interested state regulatory commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with § 385.211 of the Commission's Rules and Regulations.
